**Stay CONNECTED through Devotional Prayer: Look for the Extraordinary in the Ordinary!**

I heard a story about two laborers working on a job site who were approached by a reporter. The first worker was asked "What are you doing?" His response was to complain that he was an underpaid and unappreciated bricklayer who spent his days wasting his time placing bricks on top of one another.

The reporter asked the second bricklayer the same question. His response however was quite different. "I am the luckiest person in the world!" he said. "I get to be a part of an important and beautiful piece of architecture. I turn simple pieces of brick into exquisite masterpieces."

They were both right. The truth is, we see in life what we want to see. If you search for ugliness, you will find plenty of it. If you want to find fault with other people, your career or the world in general, you'll certainly be able to do so. But the opposite is also true. If you look for the extraordinary in the ordinary, you can train yourself to see it. You can also see "cathedrals within pieces of bricks"! Can you see the harmony and peace that exists in our world; the perfection of the universe in action; the extraordinary beauty of nature and the incredible miracle of human life? There is so much to be grateful for, so much to be in awe about. Life is precious and extraordinary.

Now imagine how our Savior Jesus Christ looks upon each of us ... scripture is profound in teaching us that through His unconditional love, we are seen as extraordinary! Let's strive to look for the extraordinary in what others see as ordinary! Amen
