

# TLC CONNECT

ARE YOU READY FOR CHANGE?

## CONNECT this Sunday, March 14th through Worship "A Changed Invalid"

Today we will be hearing the firsthand account of an invalid, the lame man, who had his life changed by Jesus.

What was his life like prior to meeting Jesus and how did his life change after meeting him?

## "DO SOMETHING FOR THE KINGDOM" CHALLENGE

On Sunday, Feb. 28th, 50 people came forward and accepted our "Do Something for the Kingdom" challenge and as a result they each received \$100 with the challenge to "do something" for Jesus with that \$100 before Good Friday, April 2. Stories are already beginning to come in as to how people are being led by Jesus to make a Kingdom impact with their \$100. Anyone can participate in this challenge by simply setting aside \$100 and then seizing an opportunity to invest that in someone or something that will make a difference for Jesus. As you do, please email your stories to Pastor Mark at [mark@crosslakeefc.org](mailto:mark@crosslakeefc.org) OR post a video on our Facebook page, [www.facebook.com/LogChurchCrosslake](http://www.facebook.com/LogChurchCrosslake).

## PRAYER ZONE IS OPEN ON SUNDAYS

Need someone to pray with you? Do you have a special prayer request or a need and want an ear to hear? The Prayer Zone is open on Sundays. Following the service you can have one of our prayer team members pray with you over your request or need. They will be up front or in the Prayer Zone to the north of the stage.

Harvesting rice with the students

## THE VANG FAMILY - SOUTHEAST ASIA

### MINISTRY REPORT

Since the Covid--19 pandemic lockdown, all ministry trips (outside of the country) were canceled, and all schools around the nation also closed. The Hmong Bible School was also forced to close. Since the pandemic broke down, I was able to make two trips to the Hmong Bible School to visit and teach the students there.

**From September 14-October 3**, I went to the Hmong Bible School to have a meeting with the director of the Bible school and to encourage the students. There were nine students from the far east country who could not go home since March 2020. I went there to give them my support and encouragement and to spend some time with them to work at the school. The meeting with the director of the school was about what we will do if the Covid-19 does not stop soon.

**From November 27-December 8**, Nuanjan and I went to the Hmong Bible School to teach and help the school harvest its rice fields. Nuanjan is the main trainer to the nine students from the far east and one inside the country in Christian Education course. After class (4-6pm), we helped them to harvest the rice that they grew during the Covid-19 pandemic lockdown.

During Nuanjan's teaching, I also spent time with the director of the Bible school to talk about the situation of the school during this Covid-19 pandemic and what we should do and to prepare for the upcoming school's reopening. We planned that if the pandemic stops and the countries reopen their borders to travel, we will reopen the school in March, but it also depends on the situation. Please remember to pray for this.

When the Covid-19 pandemic broke out in Thailand, the government closed all schools for many months. The students could not go home and do anything during this lockdown time. They decided to grow rice to prepare food for the next school year or when the school reopens then the students will have enough food to eat. During our time at the school, it was very good for Nuanjan and I to spend some time with them at the rice fields harvesting rice. These students are hard working men/women even at their studies and at the farm. After we left, the students continued to harvest the rest of the rice in the fields. Thank God that all the rice they harvest this year were more than 400 bags (30Kg/bags).

### MINISTRY UPDATE

On January 19th, nine students from the far east country were able to go home. They were quarantined at the border inside their country for 14 days before they go home. Please pray that God will protect them and give them good health.

At this pandemic time, I can't schedule and plan any ministry trips to travel as usual. What I can do is spend time with God; to get connected with our partners to pray for them; encourage them; follow-up our ministry plans, and to see if there was any thing they want me to pray for. At the same time, I also spend my time teaching the believers who are facing false teachings to help them better understand the truth.
