

What is re|engage?

Re|engage brings couples together to learn about God's design for marriage and apply biblical principles for building a healthy relationship.

Large Group

Every week begins in a large group setting, where you will hear stories of hope from other couples whose marriages have been transformed. Re|engage leaders will also share practical steps you can take to improve your own relationship.

Small Group

After meeting as a large group, participants will break off into smaller groups, with each group led by a facilitator couple. Together, you and your small group will work through the 16-lesson curriculum and learn how to effectively communicate, resolve conflict, and grow closer to your spouse.

Re|engage is about relationships.

Our goal is to help you grow in your relationship with your spouse, with other couples, and with God.

You are not alone.

You and your spouse will go through re|engage in a group with 4-6 other couples who, just like you, are seeking a better marriage. More than just a weekly meeting, small groups bond by sharing life experiences and supporting one another.

Experience what marriage is meant to be.

God has designed marriage to be a supportive, loving, life-giving relationship that mirrors His own unconditional love for us. Re|engage will help you better understand that design and learn how to apply it to your own marriage.

Who should attend?

Re|engage is for one man, one woman couples who are married (this is not for seriously dating, engaged, or cohabitating couples). Previously married couples who are separated or divorced and are considering reconciliation are encouraged to attend as well.
