## NEW SERMON SERIES - FALL 2022

**The Ruthless Elimination of HURRY!!**

**HURRY** is the great enemy of spiritual life. To live the way of Jesus, we have to slow down. But this is not easy in the chaos of our urban, digital world. To experience the life of Jesus, we have to adopt the lifestyle of Jesus.

Allow His pace and his practices to rule our lives. Hurry will sever your connect to God, to other people, and to your own soul. We must address how hurry is keeping us from being who God has called us to be.

## DEVOTION - In a Quiet Moment *submitted by Sarah Dawdy*

When was the last time you read a devotional; saw a great post on Instagram; or heard a tagline in a sermon that prompted you to say "That is exactly what I needed to hear today!" Was it happenstance? How did they know?

I do not believe it is a coincidence, but rather it is God speaking directly to you through someone else's obedience! Somebody listened to God and shared what was on THEIR heart. YOU were the person who needed to read or hear it, and it was a blessing to you at just the right time! Pray to the Lord to put people in your path who need more positivity.

Ask Him to place words in your heart that people need to hear and then ask for the courage and confidence to share God's words. You might not understand why He places certain thoughts on your heart, but trust and obey that He knows "the why" and "the who" that needs to hear His message from you! Keep your eyes open for His words and use the quiet moments when God gifts you with His message to share with others.

Trust the pull on your heart when you need to share a word of encouragement meant for someone else. Maybe God has been saving a special message "For a time such as this!" Esther 4:14 Amen.
