Devotion - Power of the Tongue *submitted by: Sarah Dawdy*

For most of us, there has been a time where words have impacted us for good. It could have been a compliment or guidance or a wide variety of other things. On the other hand, many of us have felt the injury of words before as well.

Proverbs tells us that, "the tongue has the power of life and death." Words have so much influence they can cause a person's life to change. For example, words have the power of life when we share the good news of Christ with others and encourage fellow believers. However, words have the power of death when we use them for deceit and harm.

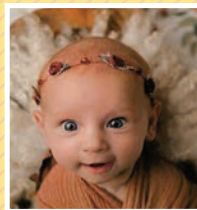

"Gracious words are a honeycomb, sweet to the soul and healing to the bones." — Proverbs 16:24, NIV

As Christians, our words should be of the life-giving variety. We should use our words to graciously build others up. The Bible makes it very clear the value in having kind and thoughtful words rather than quick ones.

In Proverbs, gracious words are compared to honey and said to be sweet and healing. Small gestures of kind and gracious words may make someone's day or even change their perspective. It does not take a lot of our time or energy to be courteous and thoughtful with our words, but it is well worthwhile.

"Let your conversation be always full of grace, seasoned with salt, so that you may know how to answer everyone." — Colossians 4:6, NIV
