### Devotion - When You Wish Upon A Star ... submitted by: Sarah Dawdy

*"And we know that for those who love God all things work together for good, for those who are called according to His purpose." - Romans 8:28*

The Bible shows us that God is sovereign over all, but what does this really mean? The sovereignty of God can be summed up with this simple statement: "God is in control." Period. Nothing happens outside of His power and His will. This sounds great but can be very difficult to believe when things in our life are out of control. This is because we often mistakenly equate God's sovereignty with our control.

We have heard the famous Disney song "When you wish upon a star, makes no difference who you are, anything your heart desires, will come true." Sounds nice, doesn't it? But we live in a real world with real problems. Things don't always go the way we planned. Tragedy strikes, someone walks away from us and leaves us

alone and abandoned; we are told we have cancer or we lose a loved one. God, where are You in all of this? Where is my happy ending? Are You sovereign? Are You really in control?

Apostle Paul tells us that there are many things that will happen to us in life that will not appear to be good. When those things happen, if you love God and are called according to His purpose, God will work all things together for your good.

All things don't seem to be good in our lives. All things don't seem to be what I want for my life. All things don't seem to be in accordance with my plans. How could all this be for my good? The answer is simple. All things can work together for good because God is good! He is sovereign and in control. He sees what we cannot see. He knows when we don't understand. He has written the end of the story, and the conclusion is for our good! Amen
